X2O Media Player-L

# X20 | media

## X20 Media Player-L

An affordable entry-level digital media player that delivers stability and reliability in an ultra-compact design. With an anodized aluminum housing and fanless design, the X20 Media Player-L easily fits into any digital signage location while staying protected from dirt, dust and any other particles that could compromise performance.

### FEATURES

- Designed to work with the X20 Platform and deliver superior performance for its class
- System hardening minimizes vulnerabilities and delivers robust system security
- Optimized architecture delivers high performance throughout the entire lifetime of the media player
- Robust 24x7 operation ensures you are always able to deliver your visual communications
