

FUTURE-PROOF AVIATION TRAINING

The aviation industry is faced with new challenges of addressing sustainability, technology, training, compliance, safety and cost savings. X2O OneRoom training room provides an advanced immersive hybrid learning environment enabling the aviation industry to deliver the highest quality training programs globally.

ACCELERATE YOUR TRAINING

X2O OneRoom training room is a bespoke immersive collaboration space designed to deliver engaging, consistent and equal learning experiences regardless of location.

OneRoom is an ideal solution for learners to prepare and refine their skills, experience real-life scenarios, practice procedures and enhance their knowledge of systems and maintenance operations. It can also be used to reskill or retrain ground crew, cabin crew, maintenance team pilots and partners in a more sustainable way.

DYNAMIC TRAINING WITH A DIFFERENCE

Take hybrid and remote training to new heights with **X2O OneRoom**.

SPACIAL AUDIO

Quickly identify & locate attendees to engage face-to-face

PERSPECTIVE CAMERAS

Give learners their own personal view of the room for higher levels of participation

POLLS/QUIZZES

Get instant feedback by assessing engagement and learning outcomes during a session

HYBRID BREAKOUT GROUPS

Provide space for discussion between online and in-person learners for better understanding

INTERACTIVE WHITEBOARD

Share content that everyone can view and annotate for individual or group collaboration

CONTENT SHARING

Bring training sessions to life by sharing content to the group from any device including AR/VR, holograms or video streams

REMOTE PRESENTER

Flexibility to facilitate sessions from anywhere in the world with full control and visibility over all attendees

CONNECTED SPACES

Connect multiple rooms together to create one dynamic learning space

TRANSFORMING TRAINING WITH ONEROOM

HUMAN CONNECTION

Create a learning space with **OneRoom** where all learners have a one-to-one connection with the instructor as well as each other.

ENGAGE

OneRoom offers a broadcast-like experience to capture learners' attention. Multiple cameras provide unique views of the learning environment along with integrated collaboration tools and content-sharing encourages participation.

POWER OF AI

With **OneRoom's** enhanced AI engine you can create personalized learning journeys that track, log and improve the capabilities of learners and trainers in real-time. Instructors can use its comprehensive data for better insight into a learner's level of attentiveness and assimilation and to optimize course design and content.

SUSTAINABILITY

X2O OneRoom provides a sustainable training solution enabling organizations to reduce their carbon footprint and costs associated with travel. It also integrates with existing systems and infrastructure.

ANALYTICS

Track and monitor performance of trainees and instructors with **OneRoom's** integrated analytics dashboard that measures progress, attendance and effectiveness of each training session.

LEARN

OneRoom facilitates the delivery of the same interactive, high quality training to both in-room and remote learners. **OneRoom** also integrates with Learning Management Systems (LMS) for complete training visibility.
